INTERNSHIP EXPERIENCE

Information Management Intern **Feb 2025 - April 2025**

Majlis Daerah Bachok, Kelantan

- Developed 'Sistem Semakan Fail Status Pemohon' for the One Stop Centre (OSC) and Town Planning Department using PHP and MySQL, replacing an Excel database so applicants can check application status online without visiting the office or calling.
- Gathered requirements through user interviews and review of existing Excel records, then designed the ERD and interface prototypes.
- Built CRUD, user authentication and role-based access control, giving officers organised records for monitoring and retrieval.
- Tested the system and presented a demo to the supervisor and team for approval.
- Managed website announcements on the Joomla CMS and designed event posters using Canva.

ACADEMIC PROJECTS

JobMatch - Online Job Portal (CakePHP 5, PHP, MySQL) (**GitHub Repo**)

- Developed a role-based job portal for UiTM with separate Admin and Job Seeker access and session-based authentication.
- Built job advertisement management, applicant tracking, a two-stage hiring workflow and audit logging.

InternSync - Internship Tracker (HTML, JavaScript, CSS) (**GitHub Repo**)

- Developed a responsive tracker for internship application statuses with full CRUD using localStorage.

Global Superstore Analysis - Group Project, Information Analytics (Excel, SPSS) (**GitHub Repo**)

- Cleaned and prepared a 5,000-record retail dataset in Excel and ran Spearman correlation tests in SPSS.
- Built an interactive Power BI dashboard with slicers and KPI measures.
